Subject: Water charges

Dear Sir/Madam

I am writing on behalf of Kilmacormick II Community Association, we are a community organisation based in Enniskillen.

It is in relation to the proposed water charges we would like to lobby for community/voluntary organisations be made exempt from water charges.

Community/voluntary organisations like ourselves work hard to survive each year and another utility bill will only make this more difficult.

I know we are only one of many community/voluntary organisations who are concerned about this issue and we hope that the consumer council will be able to lobby for us all.

Kind Regards

Jack McKinney
